UniWide is the UNSW Campus Wireless Network for UNSW students and staff. It offers fast, secure wireless network connectivity from a wide range of locations across UNSW’s campuses. Wireless access is available to all current staff and students. UniWide can be accessed via any WiFi-enabled laptop or mobile device that supports WPA2 Enterprise wireless security.

System requirements & prerequisites
- To access UniWide, you will need a properly configured 802.11a/b/g/n (WiFi) compatible laptop computer or mobile device that supports WPA2 Enterprise wireless security. Leopard and Snow Leopard Macs have built-in AirPort that supports the above requirements.

UniWide requires zPass to access - UniPass will no longer work on this service
For more information about zPass, please visit www.it.unsw.edu.au/staff/zpass/

**Step 1 - Activate AirPort wireless**

1. Click the AirPort icon in the top right of your Mac screen
2. Select Turn AirPort On

**Step 2 - Configure for UniWide**

1. Select Join Other Network...
You need to be on campus near a UniWide hotspot such as a library, computer lab or common area to configure your computer. If unsure look for the UniWide logo (above) or view www.it.unsw.edu.au/staff/uniwide/coverage.html for hotspot locations on campus
1. Click Show Networks

2. Select uniwide

3. Tick Remember this network

4. Enter your z number and zPass password

5. Select uniwide or WPA: uniwide

6. Click Join
If you change your zPass in the future - you will be prompted to re-enter it the next time you attempt to connect to UniWide

If you have any issues or questions, please contact the IT Service Centre at itservicecentre@unsw.edu.au
