

Library VPN Connection Guide- Apple iOS

Step 1

- **If you already have Cisco AnyConnect VPN installed**, it should appear in your Search (Swipe all the way left on your home screen) if you search for “AnyConnect”:

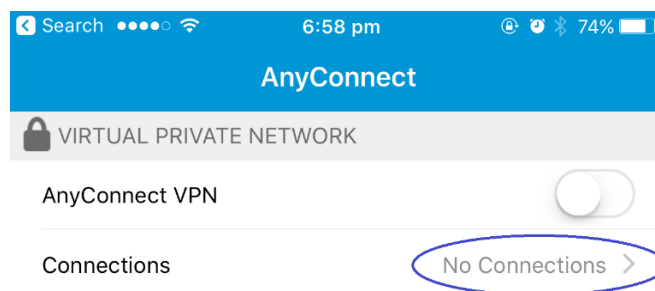

Launch the Cisco AnyConnect Secure Mobility Client before proceeding to the next step.

- **If you don't have the Cisco AnyConnect VPN client**, you can visit this website for instructions to download and install:

<https://www.it.unsw.edu.au/staff/vpn/#WhatdoIneedtousetheUNSWVPNService>

Step 2

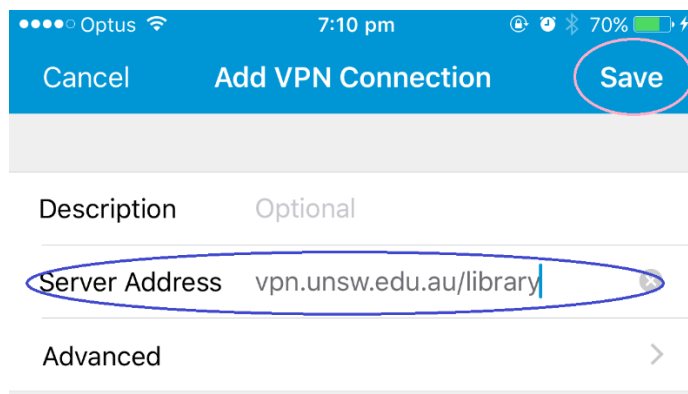

In the AnyConnect client, you will need to add a new connection by tapping on the Connections menu as circled:

In the next screen, you will need to tap on *Add VPN Connection* as circled:

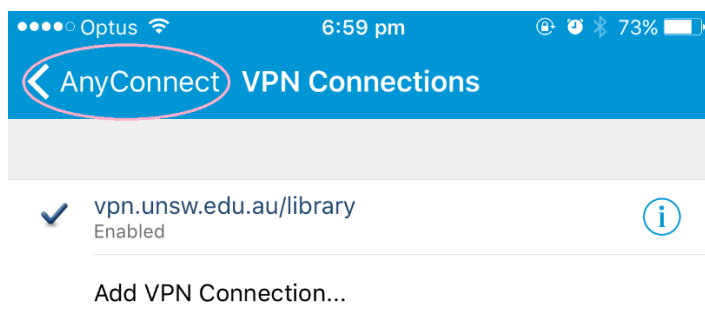

Tap the *Server Address* text-box as circled in the screenshot:

Type the Server Address exactly as:

vpn.unsw.edu.au/library

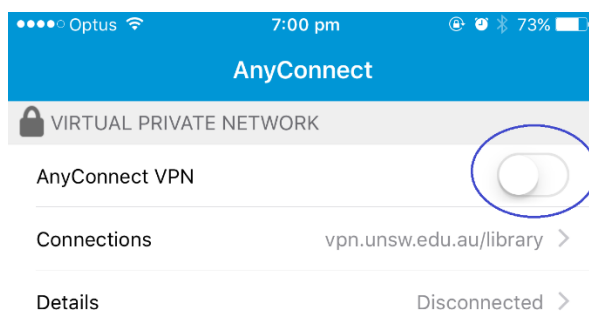

Tap the *Save* button as circled in the previous image to finish adding the VPN connection, and you will be brought back to the following screen:

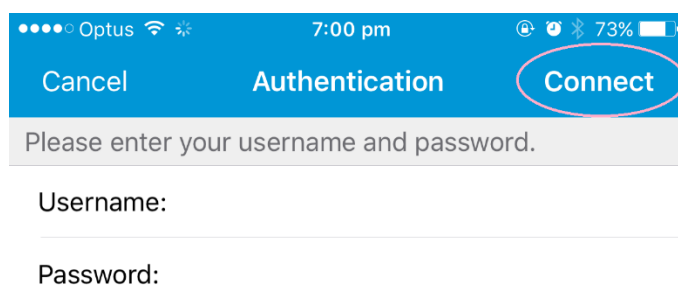

Tap the circled *AnyConnect* button to return to the main menu.

Step 3

Tap the circled switch to begin your connection to the Library VPN service.

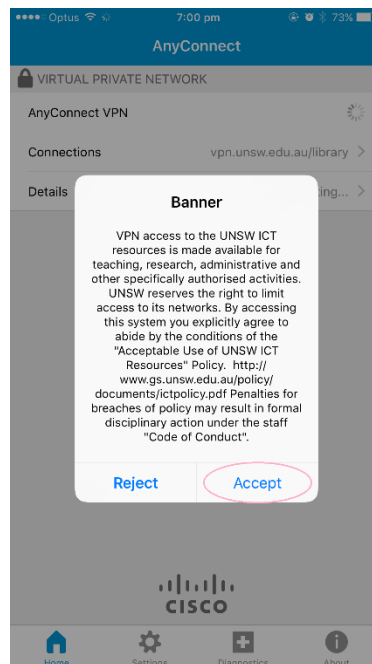

You will be prompted to authenticate your identity on the next screen. Tap the *Username* and *Password* fields, and enter your zID and zPass (same credentials as your myUNSW login), and tap then circled *Connect* button:

Step 4

You will be prompted to confirm that you agree with the policies and guidelines governing use of the VPN service. You must agree and tap Accept to use the UNSW VPN service:

Step 5

After a few seconds you will be connected to the Library VPN service.

To verify, you will see a new  icon appear in the top left of your screen near the clock:

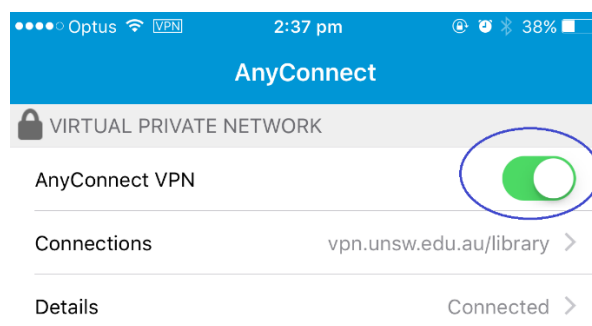

You can now access Library resources as if you were on campus.

Step 6 – When you have finished using this service

Open the AnyConnect Client through Search again as described in *Step 1*.

Tap on the circled On switch to terminate this service:

This will disconnect you from the Library VPN service, and your traffic will no longer be routed via UNSW.
